HARRISON HIGH SCHOOL CHEERLEADING CONSTITUTION 2025-2026

I. GENERAL OBJECTIVES

The vision of the cheerleading program at Harrison High School is to foster and maintain an environment in which athletes further develop their cheerleading skills, build their confidence, embrace personal accountability, and commit to sportsmanship. The coaching staff wants our program to be known for fostering athletes who are resilient, skilled, and confident individuals who excel on the mat, on the sideline, and in the classroom while also serving our school and community with compassion and positivity.

II. ELIGIBILITY

- A. All 8th graders are academically eligible to try out.
- B. Current high school students must pass **AT LEAST** three out of their four courses each semester. If you have minimum day, you must pass all three.
- C. In order to remain eligible to participate in the Harrison High School Cheerleading Program, cheerleaders must maintain knowledge and performance expectations as set forth by the coach.
 - This relates directly to cheerleading duties – including *but not limited to* performance and knowledge of cheers/chants on a sideline, consistent and effective performance of routine on a competition squad, and maintenance of tumbling and stunting skills regardless of squad.

If a cheerleader is removed from a team for losing too many points, she will not be allowed to attend the end of the year banquet, will not be considered for end of the year awards, and will not be considered for a leadership role if she were to be selected for a team the following year. Upon dismissal, uniforms must be cleaned and returned to the program, and no monetary reimbursements will be made upon dismissal.

If a cheerleader quits a team, she will forgo her position on any other Harrison Cheerleading teams, will not be allowed to attend the end of the year banquet, will not be considered for end of the year awards, and will not be considered for a leadership role if she were to be selected for a team the following year. Upon leaving the program, uniforms must be cleaned and returned to the program, and no monetary reimbursements will be made upon dismissal.

A. ALL CANDIDATES

- a. Harrison Cheer coaches will determine team placement. Candidates try out of the cheer program, not individual teams, and will be placed on the most appropriate team for their skill level.
- b. Judges and coaches will be looking for and evaluating all candidates based on the following:
 - a. *Crowd Leading Skills*: Voice, facial expression, confidence (30 total points)
 - b. *Motion Technique*: Speed/tempo, motion sharpness, motion placement (30 total points)
 - c. *Knowledge*: Knows material well, executes cheer/chant with confidence (30 total points)

B. SIDELINES

- a. Freshman & JV games are on Thursday nights. You will not be allowed to leave the games early for all-star cheer practice. If you think this may be an issue for you, you'll want to try out for competition cheer only.
- b. Varsity sidelines games are on Friday nights and may extend into November or December depending on the football team's playoff performance. Please be prepared to attend all games.
- c. 9th and 10th graders who are selected to Varsity Competition** **and score high enough to earn a spot on Varsity sideline** will be placed on Varsity Sideline cheer.

- d. Varsity Game Day Competition
 - a. This team will compete at the Game Day State Competition, typically early December, and may do 1 or 2 other competitions prior to State.
 - b. Members will be placed on Varsity Sideline Cheer.
 - c. To be considered for Varsity Game Day Competition** cheer, 9th and 10th graders must score within the Varsity sideline score requirement range/stunting requirements to be selected for the team.
 - d. Running tumbling is not allowed at Game Day competitions, only standing handsprings or tucks, so Game Day candidates are not required to tumble.
 - e. Stunting is allowed and encouraged at Game Day competitions, so candidates must be able to complete Level 3 stunts (straight up extended single-leg stunt with two bases and a backspot).

C. COMPETITION

Competition cheerleaders will complete the following skills in our competition routine:

- Standing back tuck
- Round off back handspring tuck OR round off tuck
- Toe touch, hurdler, and pike jumps
- Extended double-based stunts to one leg
- Extended single-based stunts to one leg
- Advanced entries, including switch ups, full ups, and inversions to extension
- Advanced transitions, including low to highs and high to highs
- Advanced dismounts, including full downs
- Additional tumbling, jumping, and stunting as needed

1. In order to be selected for Varsity Competition, candidates must have the **required** tumbling (listed above), jumps, and stunting abilities.
 - Team selection scenarios: A stunt group that can perform a full up switch up is more desirable than one that can only perform a switch up; a two-to-full is more desirable than a standing back tuck; a round-off back handspring layout is more desirable than a round-off back handspring tuck; a hyperextended toe touch is more desirable than one that is not even parallel with the ground, etc.
2. Harrison coaches will select candidates for the team(s) for which they are most qualified and for which they are the best fit overall.
 - a. The goal of the program is to fill a JV roster, a Varsity roster, and an alternates roster. However, at the coaches' discretion, the program may only compete with one team each season.
 - b. Not all candidates are guaranteed a position on a team.
3. Selection process:
 - a. The selection process for the competition team will be based on filling the positions required for a successful competitive team.
 - b. As with any competitive team, it is imperative that every position be covered by the most qualified athlete.
 - c. If an athlete leaves the squad once she is made an alternate, the athlete will relinquish all cheerleading squad assignments in the program.
 - d. There are no guarantees that an individual will compete if selected for the competition team.
4. Competition team members:
 - a. GHSA allows a MAXIMUM of 16 individuals to perform at a given competition.

5. Competition alternates:
- a. Alternates may be selected, as needed.

 - Pay choreography fees in full by the first day of choreography
 - Order all competition cheer gear and be issued a uniform

 2. Illness – Parent must contact the cheerleader’s coach the day of to make the coach aware of the cheerleader’s illness.

A separate doctor’s note must then be submitted clearing the cheerleader to resume cheerleading activities.
- E. Freshman & JV sidelines cheerleaders will not be allowed to leave their respective games on Thursdays to attend non-Harrison practices.

V. SCHOOL ATTENDANCE

- A. To participate in any cheerleading activities (practice, pep rally, game, competition, etc.), a cheerleader must attend at least half of their scheduled school day.
 - Competition eligibility (with respect to attendance) is determined based on the cheerleader’s attendance on the last school day prior to the date of the event (i.e., if a cheerleader was not in attendance at school on Friday for half of the school day, she would be ineligible to participate in a Saturday competition or game).

IX. **CCSD INTERSCHOLASTIC/EXTRACURRICULAR ACTIVITIES** CODE OF CONDUCT

IDF-R Interscholastic Activities 7/1/20 RATIONALE/OBJECTIVE: Participation in interscholastic/extracurricular (extracurricular) activities in Cobb County School District (District) schools is a privilege. Students participating in these activities are considered to be school leaders and role models who represent their school and more importantly, depict its character. With leadership comes additional responsibility and student participants must adhere to high standards of conduct. When students violate these standards of conduct, the District may withdraw the privilege of participation in interscholastic/extracurricular activities. The purpose of this code of conduct is to establish a minimum expectation of behavior.

RULE: A. PROCEDURES: 1. Time in Effect: Except as specifically provided, the following behavioral expectations and prohibitions apply 365 days a year, 24 hours a day, in and out of the specific extracurricular season, on or off school grounds, and through the use of school or outside technology resources. 2. Parental/Self Reporting: Parents/guardians and/or students must report any violation of this rule or the District's Student Code of Conduct to their high school administration or coach within two weeks (14 calendar days) of the violation. The two-week time frame includes weekends, school holidays and summer vacation. Failure to report a violation may result in additional consequences which may include, but is not limited to, doubling of the student's consequences for the behavior in question. 3. Provisions: a. Sponsors/Coaches should investigate policy violations and report to the school administration. The Principal or designee should make all determinations of penalties, in consultation with the coaches, sponsors and the District Athletic Director, as appropriate. b. Unless otherwise specified, periods of suspension from activities does not include preseason workouts and other preseason activities. Such student's ability to participate in preseason activities will be determined by the Principal or designee in consultation with the coach. During the student's period of suspension, the student cannot have contact with the team during any team activities. c. Students cannot attempt to evade the intent of the Rule by joining a new sport specifically to allow their suspension days to run their course. If a student athlete participates in a sport that he/she had not been previously involved with, he/she must complete the season of the new sport in good standing in order for the suspension days to count. d. Transferring from one District school to another does not relieve the student from the consequences for a violation of this Rule. Should a student choose to transfer outside of the District, the designated school administrator or the school athletic director will contact the new school to inform them of the violation and the resulting penalty. The District may also honor the activity consequences from other private or public-school systems. 4. Notification: a. Elementary/Middle Schools: In addition to providing students with copies of the appropriate Student Code of Conduct (Administrative Rule JCDA-R), elementary and middle schools should make participants in extracurricular activities aware of this Administrative Rule. Page 2 of 4 b. High Schools: In addition to providing students with copies of the appropriate Student Code of Conduct (Administrative Rule JCDA-R), each high school should provide written notification of this Administrative Rule to all participants in extracurricular activities.

B. ALCOHOL/ILLEGAL DRUGS/INHALANTS: The District believes very strongly that use, possession, selling or buying over the counter drugs or products to get high; alcohol; illegal drugs; or prescription drugs in an unauthorized manner at any time is an offense. Such use, possession or distribution by extracurricular participants is banned. All misdemeanor driving under the influence (DUI) offenses will be dealt with according to this section. All felony DUI offenses will be dealt with under Section D, below. Offenses are cumulative at the high school level. · 1st Offense: o Suspension from extracurricular activities, including practice and regular/post season, for a minimum twenty-five (25) calendar days; plus o Suspension from regular/post season contests to equal a minimum of 30% of the number of regular season contests/performances; plus o Student must complete the GRIP (Gaining Results in Intervention and Prevention Program) which consists of one four-hour Saturday session attended by the student and the parent, or another comparable program. If the student cannot attend the program until after the suspension is lifted, they must still attend the program in order to be eligible to compete in their next extracurricular/athletic season. Failure to attend or complete the program as required may result in continued extracurricular/athletic ineligibility beyond the initial suspension. o If offense is during the off season, the first offense suspension will begin on the GHSA start date for the next season with which the recognized athlete is affiliated. o If the student has not completed his suspension at the end of the season, the remaining days will be completed at the beginning of the next affiliated GHSA activity. · 2nd Offense: Suspension from extracurricular activities for a minimum of one calendar year. The student will not be permitted to participate in preseason activities or practice. · 3rd Offense: Permanent suspension from extracurricular activities, including preseason activities and practices. D. FELONY: 1. Guidelines: a. A student who is arrested for, indicted for, convicted of, or charged with a felony or act that would constitute a felony if committed by an adult shall be automatically suspended from interscholastic/extracurricular activities; b. Students will not be permitted to participate in preseason activities; c. DUI: All felony DUI offenses will be dealt with according to this section. Page 3 of 4 2. Duration: a. The student shall remain suspended from extracurricular activities until: (1) The charges are completely dismissed; (2) The charges are reduced to a misdemeanor in which case the student may be subject to penalties outlined in Section E, below, or Section B, for alcohol offenses; (3) The student is found not guilty; or (4) The student serves his/her consequences as outlined below. b. Once the student successfully completes the consequences assigned by the judge or agreed to by the student, including probation or diversion, the student may be permitted to participate in extracurricular activities. Evidence that the probation period has expired, fines have been paid and/or community service has been completed is required. c. If a student has been arrested or charged with an offense, but the matter has been expunged, sealed, removed from a student's record, treated as a "first offender" action, or the behavior has not been prosecuted (nolle prosequi), that student may present or obtain documentation as required by the school to determine the circumstances of the matter and appropriate eligibility consequences, as determined at the discretion of school administration. Such incidents will be reviewed on an individualized basis and a legal determination in the matter may not be sufficient to change the student's consequences. E. MISDEMEANORS: 1. A student who is arrested for, charged with, or found guilty of a misdemeanor shall receive consequences as outlined below. However, minor offenses that result in fines alone may be dealt with as a violation of Section G.7. below. o 1st and Subsequent Offenses: o Minimum suspension from extracurricular activities for one (1) school day up to a maximum of permanent suspension from extracurricular activities. 2. If a student has been arrested or charged with an offense, but the matter has been expunged, sealed, removed from a student's record, treated as a "first offender" action, or the behavior has not been prosecuted (nolle prosequi), that student may present or obtain documentation as required by the school to determine the circumstances of the matter and appropriate eligibility consequences, as determined at the discretion of school administration. Such incidents will be reviewed on an individualized basis and a legal determination in the matter may not be sufficient to change the student's consequences. F.

PARENTAL/SELF REPORTING OF LAW ENFORCEMENT: Parents/guardians and/or students must report any charges against or arrest of a student or student behavior in which law enforcement is involved, to their high school administration or coach within two weeks (14 calendar days) of the arrest or behavior. The two-week time frame includes weekends, school holidays and summer vacation. Failure to report arrest, charges or behavior may result in additional consequences which may include, but is not limited to, doubling of the student's consequences for the behavior in question. G. **OTHER OFFENSES:** A student who commits the following offenses may be suspended or permanently dismissed from the team or activity. The head coach in conjunction with the school administration will determine consequences for the following: 1. Hazing: School clubs and student organizations shall not use hazing or degradation of individual dignity (Administrative Rule JHC-R [School Clubs/Organizations and Student Organizations]); 2. Missing practice, rehearsal or activities (unless excused by the coach, teacher, or sponsor); Page 4 of 4 3. Truancy and/or skipping classes; 4. Acting in an unsportsmanlike manner when representing the school; 5. Violating curfew as established by the coach; 6. Any act at school or away from school, which results in any discipline by school administration; or 7. Any act at school or away from school which, in the opinion of the Principal reflects in a negative manner on the school, athletic program, or activity. RATIONALE/OBJECTIVE: Participation in interscholastic/extracurricular (extracurricular) activities in Cobb County School District (District) schools is a privilege. Students participating in these activities are considered to be school leaders and role models who represent their school and more importantly, depict its character. With leadership comes additional responsibility and student participants must adhere to high standards of conduct. When students violate these standards of conduct, the District may withdraw the privilege of participation in interscholastic/extracurricular activities. The purpose of this code of conduct is to establish a minimum expectation of behavior.

A. PROCEDURES:

1. Time in Effect: Except as specifically provided, the following behavioral expectations and prohibitions apply 365 days a year, 24 hours a day, in and out of the specific extracurricular season, on or off school grounds, and through the use of school or outside technology resources.
2. Parental/Self Reporting: Parents/guardians and/or students must report any violation of this rule or the District's Student Code of Conduct to their high school administration or coach within two weeks (14 calendar days) of the violation. The two week time frame includes weekends, school holidays and summer vacation. Failure to report a violation may result in additional consequences which may include, but is not limited to, doubling of the student's consequences for the behavior in question.
3. Provisions:
 - a. Sponsors/Coaches should investigate policy violations and report to the school administration. The Principal or designee should make all determinations of penalties, in consultation with the coaches, sponsors and the District Athletic Director, as appropriate.
 - b. Unless otherwise specified, periods of suspension from activities does not include preseason workouts and other preseason activities. Such student's ability to participate in preseason activities will be determined by the Principal or designee in consultation with the coach. During the student's period of suspension the student cannot have contact with the team during any team activities.
 - c. Students cannot attempt to evade the intent of the Rule by joining a new sport specifically to allow their suspension days to run their course. If a student athlete participates in a sport that he/she had not been previously involved with, he/she must complete the season of the new sport in good standing in order for the suspension days to count.
 - d. Transferring from one District school to another does not relieve the student from the consequences for a violation of this Rule. Should a student choose to transfer outside of the District, the designated school administrator or the school athletic director will contact the new school to inform them of the violation and the resulting penalty. The District may also honor the activity consequences from other private or public school systems.
4. Notification:
 - a. Elementary/Middle Schools: In addition to providing students with copies of the appropriate Student Code of Conduct (Administrative Rule JCDA-R), elementary and middle schools should make participants in extracurricular activities aware of this Administrative Rule. Page 2 of 4
 - b. High Schools: In addition to providing students with copies of the appropriate Student Code of Conduct (Administrative Rule JCDA-R), each high school should provide written notification of this Administrative Rule to all participants in extracurricular activities.

B. ALCOHOL/ILLEGAL DRUGS/INHALANTS: The District believes very strongly that use, possession, selling or buying over the counter drugs or products to get high; alcohol; illegal drugs; or prescription drugs in an unauthorized manner at any time is an offense. Such use, possession or distribution by extracurricular participants is banned. All misdemeanor driving under the influence (DUI) offenses will be dealt with according to this section. All felony DUI offenses will be dealt with under Section D, below. Offenses are cumulative at the high school level.

· 1st Offense: o Suspension from extracurricular activities, including practice and regular/post season, for a minimum twenty-five (25) calendar days; plus o Suspension from regular/post season contests to equal a minimum of 30% of the number of regular season contests/performances; plus o Student must complete the GRIP (Gaining Results in Intervention and Prevention Program) which consists of one four hour Saturday session attended by the student and the parent, or another comparable program. If the student cannot attend the program until after the suspension is lifted,

they must still attend the program in order to be eligible to compete in their next extracurricular/athletic season. Failure to attend or complete the program as required may result in continued extracurricular/athletic ineligibility beyond the initial suspension. o If offense is during the off season, the first offense suspension will begin on the GHSA start date for the next season with which the recognized athlete is affiliated. o If the student has not completed his suspension at the end of the season, the remaining days will be completed at the beginning of the next affiliated GHSA activity.

· 2nd Offense: Suspension from extracurricular activities for a minimum of one calendar year. The student will not be permitted to participate in preseason activities or practice.

· 3rd Offense: Permanent suspension from extracurricular activities, including preseason activities and practices.

C. TOBACCO [IN-SEASON USE]: Student use of tobacco or tobacco product substitutes (e.g., tobacco look-alikes, such as BaccOff), cigarette look-alikes (e.g., electronic cigarettes), hookahs and hookah lookalikes (e.g. electronic hookahs) is prohibited.

· 1st Offense: Suspension from all extracurricular activities for two (2) school days

· 2nd Offense: Suspension from all extracurricular activities for five (5) school days and must sit out 10% of games/matches/performances/competitions.

· 3rd Offense: Suspension from all extracurricular activities for ten (10) school days and must sit out 20% of games/matches/performances/competitions.

· 4th Offense and Subsequent Offense: Suspension from all extracurricular activities for ninety (90) calendar days.

D. FELONY:

1. Guidelines:

a. A student who is arrested for, indicted for, convicted of, or charged with a felony or act that would constitute a felony if committed by an adult shall be automatically suspended from interscholastic/extracurricular activities;

b. Students will not be permitted to participate in preseason activities;

c. DUI: All felony DUI offenses will be dealt with according to this section.

2. Duration:

a. The student shall remain suspended from extracurricular activities until: (1) The charges are completely dismissed; (2) The charges are reduced to a misdemeanor in which case the student may be subject to penalties outlined in Section E, below, or Section B, for alcohol offenses; (3) The student is found not guilty; or (4) The student serves his/her consequences as outlined below.

b. Once the student successfully completes the consequences assigned by the judge or agreed to by the student, including probation or diversion, the student may be permitted to participate in extracurricular activities. Evidence that the probation period has expired, fines have been paid and/or community service has been completed is required.

c. If a student has been arrested or charged with an offense, but the matter has been expunged, sealed, removed from a student's record, treated as a "first offender" action, or the behavior has not been prosecuted (nolle prosequi), that student may present or obtain documentation as required by the school to determine the circumstances of the matter and appropriate eligibility consequences, as determined at the discretion of school administration. Such incidents will be reviewed on an individualized basis and a legal determination in the matter may not be sufficient to change the student's consequences.

E. MISDEMEANORS:

1. A student who is arrested for, charged with, or found guilty of a misdemeanor shall receive consequences as outlined below. However, minor offenses that result in fines alone may be dealt with as a violation of Section G.7. below.

o 1st and Subsequent Offenses:

o Minimum suspension from extracurricular activities for one (1) school day up to a maximum of permanent suspension from extracurricular activities.

2. Drug/Alcohol/DUI: Any student who is accused of a misdemeanor alcohol/drug offense or a misdemeanor DUI will receive consequences as outlined in Section B above.

3. If the student produces proof that the charges are completely dismissed or the student is found not guilty, these consequences may be lifted. If a student has been arrested or charged with an offense, but the matter has been expunged, sealed, removed from a student's record, treated as a "first offender" action, or the behavior has not been prosecuted (nolle prosequi), that student may present or obtain documentation as required by the school to determine the circumstances of the matter and appropriate eligibility consequences, as determined at the discretion of school administration. Such incidents will be reviewed on an individualized basis and a legal determination in the matter may not be sufficient to change the student's consequences.

F. PARENTAL/SELF REPORTING OF LAW ENFORCEMENT: Parents/guardians and/or students must report any charges against or arrest of a student or student behavior in which law enforcement is involved, to their high school administration or coach within two weeks (14 calendar days) of the arrest or behavior. The two week time frame includes weekends, school holidays and summer vacation. Failure to report arrest, charges or behavior may result in additional consequences which may include, but is not limited to, doubling of the student's consequences for the behavior in question.

G. OTHER OFFENSES: A student who commits the following offenses may be suspended or permanently dismissed from the team or activity. The head coach in conjunction with the school administration will determine consequences for the following:

1. Hazing: School clubs and student organizations shall not use hazing or degradation of individual dignity (Administrative Rule JHC-R [School Clubs/Organizations and Student Organizations]);

2. Missing practice, rehearsal or activities (unless excused by the coach, teacher, or sponsor);

3. Truancy and/or skipping classes;

4. Acting in an unsportsmanlike manner when representing the school;

5. Violating curfew as established by the coach;

6. Any act at school or away from school, which results in any discipline by school administration;

7. Any act at school or away from school which, in the opinion of the Principal reflects in a negative manner on the school, athletic program, or activity.

HARRISON HIGH SCHOOL CHEERLEADING PROGRAM

EXPLANATION OF INHERENT RISKS FOR CHEERLEADING

2025-2026

THIS FORM DUE AT REQUIRED MEETING ON MARCH 5

Cheer Candidate's Full Name: _____

Cheerleading is an exciting, time-consuming sport that involves flyers, bases, and spotters. Flyers are lifted into stunts by the bases, with the safety-oriented spotters when needed. Bases and spotters are responsible for catching the flyers when the stunts come down. Cheerleading also requires forceful motions, tumbling, voice projection, and jumping. The cheering area varies greatly from one location to another, inside or outside. Because of these conditions inherent to the sport, participating in cheerleading exposes an athlete to many risks of injury. Those injuries include, but are not limited to: death, paralysis due to serious neck and back injuries, brain damage, damage to internal organs, serious injuries to the bones, ligaments, joints, and tendons, and general deterioration of health. Such injuries can result not only in temporary loss of function, but also in serious impairment of future physical, psychological, and social abilities, including the ability to earn a living.

In an effort to make cheerleading as safe as it can be, the coaching staff will instruct athletes concerning the correct techniques for stunts and rules of cheerleading. It is vital that athletes follow the coach's skill instructions, training rules, and team policies to decrease the possibility of serious injury.

We have read the information above concerning the risks of cheerleading. We understand and assume all risks associated with trying out, practicing, and cheering at games/competitions. In signing this form, we assume the inherent risks of cheerleading and waive any further legal action by our heirs, estate, executor, administrator, assignees, family members, and ourselves.
